Contractor: _____

Service Size Requested: _____ Number of Meters: _____

Connection Information (to be completed by Town)

Application No. _____ Service No. _____

Application Fee: \$100.00 _____ Connection Fee(s): \$5,000.00 _____

Road Opening Permit Number: _____

I hereby apply to the Water Department for water service at the above address. A sketch of the proposed connection and the application fee of one hundred dollars (\$100) is to be included with this application. Water Department shall be notified two (2) business days prior to each phase of work.

I understand that I will be responsible for providing all materials and labor necessary to expose the existing water main and to excavate and backfill a trench from the existing main to the edge of the Town right-of-way. The Town Water Department will complete the tap and install said service from the existing main to the shut off (curb box) at the edge of the Town right-of-way and that I am responsible for installing the water line from the curb box to the building structure. I also understand that I will be responsible for obtaining a Road Opening Permit from the Board of Selectmen, as well as other necessary permits, prior to commencing my work.

I understand that I will be charged a connection fee and other applicable fees. The connection fee must be paid in full to the Collector/Treasurer Office before service is opened. One meter shall be included with the connection fee and one meter shall be provided to each dwelling. Meter/meters shall be installed and fees for additional meters, if applicable, shall be paid prior to occupancy. Prior to occupancy new owner's name must be given to the Water Department.

After the water service has been connected, the property owner shall be responsible for the water service maintenance, including but not limited to pipe replacement, cellar shut off repairs, meter damage caused by unauthorized person(s), and curb shut off repairs from damage caused by unauthorized person(s).

I hereby grant the Water Department and/or its employees the right to access the premises where water is used for the setting, inspection or repairing of meters; for shutting off the water from any delinquent taker; or for any purpose deemed necessary to protect the quantity, quality, and financial aspects of the water supply system.

The Town of Blackstone, Water Department reserves the right to alter or amend these rules and regulations at any time without notice thereof.
